Applications received without the required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.

RESIDENTIAL HEATING & COOLING REBATE

HIGH EFFICIENCY CENTRAL A/C \$500

Requirements:

- New unit must meet minimum SEER ratings:
 - Packaged - 15 SEER or higher
 - Split System - 15 SEER2 or higher

- Rebate for replacing existing home A/C or adding new unit.
 - Cooling capacity < 65,000 BTUs (5.4 ton).
 - Split system requires matching evaporative coil.
 - Split systems using water/evaporative cooled condensers may be eligible provided the air conditioning system has a current (not archived) AHRI reference number and efficiency rating.
 - Rooftop installs must be code compliant for inspection access.

Limitations:

- Limit (2) per household, per useful life (23 years).

Additional Supporting Documents Required:

- Current AHRI Certificate of Product Ratings.

CENTRAL HEAT PUMP \$1,000

Requirements:

- New unit must meet minimum SEER ratings:
 - Packaged - 15 SEER or higher
 - Split System - 15 SEER2 or higher
- Rebate for replacing existing home A/C or adding new unit.
 - Cooling capacity < 65,000 BTUs (5.4 ton).
 - Split system requires matching evaporative coil.
 - Split systems using water/evaporative cooled condensers may be eligible provided the air conditioning system has a current (not archived) AHRI reference number and efficiency rating.
 - Rooftop installs must be code compliant for inspection access.

Limitations:

- Limit (2) per household, per useful life (23 years).

Additional Supporting Documents Required:

- Current AHRI Certificate of Product Rating

Requirements:

- Residence must have air conditioning.

DUCTLESS MINI SPLIT \$350 p/ton

Requirements:

- New AC Unit must be Energy Star® certified.
- New Heat Pump unit must be 15 SEER or greater.

Limitations:

- Maximum 5 ton.
- Limit (4) rebates per household during useful life (23 years).

Additional Supporting Documents Required:

- Proof of Energy Star® certification (For AC units)
- Current AHRI certificate (For Heat Pump units)

ENERGY STAR® ROOM AIR CONDITIONER \$50

Requirements:

- New unit must be ENERGY STAR® certified.

Additional Supporting Documents Required:

- Proof of the Energy Guide with ENERGY STAR® Logo.

ENERGY STAR® SMART THERMOSTAT \$50

Requirements:

- New unit must be ENERGY STAR® certified.

Limitations:

- Limit (2) rebates per household during useful life (9 years).

TERMS & CONDITIONS

All applications must include a receipt/proof of purchase in addition to the Supporting Documents Required listed per program.

Rebates of \$300 or less will be automatically credited to your next monthly statement.

New unit or product must be installed and operating in a residence in the TID Service Area.

Rebate application must be received within six (6) months of product purchase date.

Programs are subject to change or termination without prior notice. Please visit TID.org/rebates for details on current programs. You may also call (209) 883-8432 to verify your efficiency measure qualifies for a rebate BEFORE purchase or installation.

Keep a copy of all documents submitted; documents will not be returned.

Please allow four to six weeks for your application to be processed.

Discrepancies can invalidate the rebate application.

Approval of rebate is at the sole discretion of TID.

Rebates are subject to inspection and verification by TID.

All rebates are subject to additional rebate specific requirements.

TID is not responsible for any items delayed or lost in the mail.

TID disclaims any and all liability for loss or damage which may arise as a result of the applicant's participation in this program and makes no expressed or implied representation or warranty that the installation of the product will result in a reduction of the applicant's electric utility bill.
